

# Alabastine,

## A Fire-Proof Cement

Alabastine is not only the best inside coating in the world for churches, opera houses, club houses, office buildings and dwellings, but is used everywhere for factories, cotton mills, army posts, plantation buildings, hospitals, asylums, etc., largely on account of its fire-proof properties. Alabastine is perfectly fireproof in its nature, is a cement that can be mixed thick and used in filling cracks, and sets very hard over night. Is cheaper than and superior to paint.

### THE SCHOOLS

Sanitarians say that the closely packed school room with the large surface of wall exposure demands careful attention; otherwise is a breeding ground for disease germs and a fruitful source of disease. They recommend Alabastine only. Write for particulars.

### THE HOME

Here life is spent. The little ones are born and reared, and are entitled to all the safeguards that the intelligent housewife can surround them with.

Alabastine is not expensive, promotes health, renders home beautiful and is durable. Alabastine is not a kalsomine.

Examine package and refuse if not labeled Alabastine. DON'T forget that Alabastine being durable is worth many times its price as compared with other wall-coating materials, which are dear at any price, and remember there is Only One ALABASTINE.

ALABASTINE is a powder put up in 5-pound packages. We carry it in stock in White and in a large number of beautiful tints. Anyone can mix it with water and apply it, no skill required.

It can be used with splendid results right over old wall paper and the beautiful finish will surprise you.

Let us send you a color card of ALABASTINE.

E. O. Hall & Son, Ltd.

## RATHER BE A SOLDIER THAN A SENATOR'S SON

John Sharpe William's  
Son In The 14th  
Infantry

Among the soldiers of the 14th Infantry, now in this port with the transport Sherman, is a lad who has had his name in almost every newspaper of note in the United States. He is the son of John Sharpe Williams, leader of the minority in the House of Representatives from the State of Mississippi, and one of the most prominent men at the nation's capitol. The lad now with the soldiers here in Honolulu is reputed to be the "black sheep" of the family, having refused to go to school and run away from home some time ago.

It was only a short time past that he mixed himself in an unpleasant scrape in Vancouver, B. C., and was arrested and thrown into jail there. On account of this affair he received a great deal of notoriety, and it is said that his father again sent for him and begged him to come home. This, however, he refused to do, and, joining the regular army, is now due for the Philippines, where he will serve a two years tour of duty.

From all that can be learned about the boy here, it would appear that he is a great favorite with the men in the regiment, having a good personality, but just naturally wild.

## CHINESE A. C. CLUB FINANCIAL REPORT

The financial report of the Chinese A. C. for the year of 1907 is as follows:

Dec. 31, 1906, balance on hand	\$ 75.33

October expenses	34.18
November expenses	9.55
December expenses	26.70
<b>Total</b>	<b>\$461.53</b>
Receipts	517.13
<b>Balance on hand Dec. 31, 1907</b>	<b>\$ 55.60</b>

Respectfully submitted,  
H. D. JOE,  
Treasurer, C. A. C.

## NEW AUTOMOBILE ARRIVES IN HONOLULU

"Tom" White, who at one time was known as the crack motor-cycle racer of the Pacific Coast, and who has carried off many medals in this sport, came down on the Manchuria from Frisco. With him Tom brought a big seven-seat 35-horsepower (French) Packard automobile, which he will drive as a rent car here in the city.

When the motor-cycle craze died out to a considerable extent, White took up the automobile game, and became an expert at driving the big machines. He has been traveling, representing the Pope Manufacturing Co. for some years, until recently, when he was taken down with typhoid pneumonia. He has come to this sunny climate to recuperate, but will probably remain here for some time driving his car.

Young Tate, who has been in the city for some time, has finally got his nickelodeon show in operation. A great big graphophone will warble sweet melodies and pictures will chase themselves across the screen.

Nothing new has developed in the last few days with regard to the yacht race. Just progress, as Mac says.

## VOLCANO HOUSE WILL HAVE SPORTS

W. A. Wall Makes A  
Offer to D.  
Lycurgus

A Volcano House without a tennis court! A Volcano House without golf links! Never,—that is, never so long as W. A. Wall of this city has a love for those sports, and money to spend. No, sir; not so long as that, sir. It is the latest fad—that of presenting Volcano Houses with expensive tennis courts and costly golf links, but as the country around the Volcano House on Hawaii is magnificently situated for golf, and a tennis court doesn't cost so very much, Mr. Wall is going to do the munificent act and plat them off for D. Lycurgus, the manager of the aforesaid Volcano House.

Mr. Wall has made a very unusual and kind offer to the manager of the Volcano House, and it will undoubtedly be accepted. He will take the trouble to lay out and measure off both links and tennis court, and he will do it free of charge. Mr. Wall has the interest of good sport at heart all the time, and, as he happens to be an enthusiastic golfer as well as an expert tennis-player, he has always done everything in his power toward the furtherance of these two branches of athletics in the Islands. It was with this view in mind that, when he recognized what great value it would prove not only to the Volcano House, but also to the sport in general, he made up his mind to take the initiative in the matter.

## FISHER'S MEN PLAYING SAN FRANCISCO SERIES

The Honolulu Stars will make their first appearance on the local field, after their successful tour of the Hawaiian Islands, next Saturday afternoon, says the San Francisco Bulletin. Manager Mike Fisher made arrangements today to play a picked team three games. Charley Irwin agreed to organize a club to give the Stars battle, and trust to the popular third baseman to place a strong aggregation on the field. He will select the best of the available talent. Charley will have players like Mertes, Byrnes, Chase, Stricklett, Stange, Dunleavy, Arelanes, Whalen, Baum, Blankenship and Shannon to pick from. Three games will be played. The clubs will meet at Recreation Park on Saturday and Sunday afternoons and Sunday morning at Oakland. The games on this side of the bay will be called at 2:30. Manager Fisher will put the same team on the field that visited the Islands, with the exception of Truck Eagan, who will cover short for the Stars. Eagan was in the original line-up, but was prevented from making the trip by sickness in the family. Word was sent to "Silent Bill" Burns, who is spending the holidays with his brother at Point Richmond, to be on hand to pitch for the tourists Saturday. Captain Bill Devereaux has agreed to coach in his new language. Since visiting the Islands the Red Dog has learned the kanaka lingo and now he can converse fluently in seven different languages. This is no idle dream. If you have any doubt engage Brick in conversation, and he will show you. Spanish, Portuguese, French, Chinese, Japanese, Kanaka and English are his specialties. And Bill never went to college, either. These will probably be the last games the Honolulu Stars will play together.

Notwithstanding the fact that the endurance race for autos around the island next Saturday should prove one of the gala days for machine owners in this vicinity, inasmuch as it will give them an opportunity to make a true test of their cars, and

## ENTER ENDURANCE RUN

The fair sex are getting in their work in the basketball game at the various schools around town. Some cracking good contests are promised for this season.

Tift, the star of Brown University in 1907, has signed as a pitcher with the New York Yankees for the coming season. Doc Hildebrand, the former Princeton player, is also on the list.

The Hawaiian Tennis Association wants every player on the Islands to become a member of its club. Cooperation is a good thing for sport.

## ALL TENNIS CLUBS ASKED TO JOIN

The Hawaiian Tennis Association will soon issue an invitation to all the clubs of the Territory to join the Association, so that they may all have a voice and a representation in the annual championship matches. The idea of this is to further the sport in the Islands and bring all the players in closer touch with each other.

## JUNIOR LEAGUE'S REGULAR MEETING

The Riverside Juniors will hold

their regular meeting this evening at the office of the president of the league, in the Judd building, at 7:30 sharp, instead of at the Sweet Violet hall on Maunakea street. Some important matters will be brought before the meeting and a full attendance is requested.

## SPORTIVE SPLURGES

Almost every automobile in Honolulu has entered in that endurance run which is coming off Saturday. It will be on a course around the island and will furnish some rare sport for the Knights of the Spark-plug.

It is reported that Pitcher Ed. Reulbach of the Chicago Cubs will play the star role in "The World's Series," a new play said to be staged by the Frohmans. Another good ball-player gone wrong.

Jack Doyle is the original "practical-joke" kid. But now he is doing the tra-la-la act in that soul-thrilling tragedy, "I got mine, boys, I got mine."

Cy Young, the veteran twirler, has signed his contract for next season, making his nineteenth year in baseball, seventeen of which have been spent in the major leagues.

Tom White, the new driver, will enter his Packard in the endurance run Saturday.

The fair sex are getting in their work in the basketball game at the various schools around town. Some cracking good contests are promised for this season.

Tift, the star of Brown University in 1907, has signed as a pitcher with the New York Yankees for the coming season. Doc Hildebrand, the former Princeton player, is also on the list.

The Hawaiian Tennis Association wants every player on the Islands to become a member of its club. Cooperation is a good thing for sport.

## ENTER ENDURANCE RUN

Notwithstanding the fact that the endurance race for autos around the island next Saturday should prove one of the gala days for machine owners in this vicinity, inasmuch as it will give them an opportunity to make a true test of their cars, and

tell exactly how good they are in comparison with other makes, the interest in this excellent event is lamentably weak. There are almost two hundred automobiles on the island and, as yet, not a full dozen have been entered for the run.

Among those who have signified their intention of going in the run and their cars, are the following: Dr. Brinckerhoff, Packard; Tom White, Packard; J. McCloud, Buick; Frank Dillon, Buick; J. D. Kennedy, Winton; and S. R. Jordan, Maxwell.

## MANY LIQUOR CASES IN POLICE COURT

F. J. Camaro, an aged Portuguese charged with selling liquor without a license, was fined \$10 and costs in the Police Court this morning. Eleven Japanese and one Chinese who were charged with a similar offense, had their cases continued until tomorrow.

Frank Dillon, a chauffeur, appeared on a charge of careless driving, out of his case continued until tomorrow. Sam Kala had sentence suspended for thirteen months on a charge of assault and battery.

Fugikawa, a Japanese charged with vagrancy, had his case continued until Friday. He asked that his case be continued in order that he might secure an attorney.

## ART LEAGUE WILL USE FISHMARKET

Superintendent of Public Works Campbell has granted permission to the Kiloheana Art League, through Mrs. W. M. Graham, chairman of the City Improvement Circle, to use the market place for the following events:

Observance of President McKinley's anniversary, January 29.

March Gras celebration, March 3.

Musical festival, some time in May.

Included in the permission is authority to erect a temporary stage and place benches in the market building. The condition is attached that these conveniences shall be removed immediately after the May festival. Default in this will subject the material to sale at auction by the department.

Mr. and Mrs. J. C. Moore are among the transport Sherman's passengers for Manila, where Mr. Moore has a position in the civil service. Mr. Moore is a brother of H. T. Moore, former Oahu county supervisor, and the brothers until yesterday had not met for nine years.
